

CARH Mortgage Assistance Grant Program

Duplication of Benefits Disclosure and Certification

Funds awarded under the CARES Act are to prevent, prepare for, and respond to the COVID-19 crisis and assist with unmet needs in our community. In order to ensure that there are no duplication of services, you must agree to disclose any and all assistance you or members of your household have already received - or have been approved to receive in the future - in relation to the services included in your CDBG-CV-funded CARH grant application. In order to prevent duplication of benefits, the uses of CARES Act CDBG-CV funding will require you to certify that your needs with this grant are 100% unmet and have not been paid for by any other source. This means there has not been, nor will there be, any other funding received to cover the same expenses you are including in your CARH grant application.

If you receive a grant under the CARH program from the Washington County CDA, and subsequently receive a duplicate benefit for the same expenses included in your CARH grant application, you will agree to pay the CARH grant funds back to the Washington County CDA in the amount of such duplication.

Please list any and all other sources of Covid-related assistance you have received, or have been approved to receive, since March 2020 and the timeframes the assistance covers:

- 1. _____
- 2. _____
- 3. _____

I hereby certify that all the information stated above, as well as any information provided in the accompaniment herewith, is true and accurate. I agree that if a duplication of benefits has occurred, I am responsible for paying back the funds in the amount of such duplication.
